Client Feedback

Client Satisfaction is our top priority at Pacific Green Landscape. We love hearing from customers. We are proud of some of the feedback we've received recently from some satisfied property managers:

"I have worked with PGL in the past and already hold you all at a high regard, but I can tell you that Katie has truly made an impression with her prompt and thorough follow up.

She's been responsive to my inquiries and has done a great job working with the municipalities related to this Association

Btw, love working with Melanie and Chad as well."

"OMG, Lorenzo and the team hustled today! So happy! Everything is looking great! The new plants in the entrance pots are perfect. Thank you, thank you so much"

"They are awesome in every way. Russ has really helped me with some ideas of upgrades we want to do here that got approved already. Everyone on your team is great & approachable."

We are always ready to listen to our customers for both positive feedback and ways we can improve! Don't hesitate to reach out.

Staff Spotlight-Brett Tomczyk

Brett started at Pacific Green Landscape about 2 months ago as an Account Manager. "I appreciate the work atmosphere and company culture. All employees have their own dedicated roles, and have portrayed a level of professionalism that is indicative of a successful landscape management firm. It's exciting to be part of a team that truly cares and takes pride in their careers."

Brett has been working in the landscape industry for approximately 12 years, involved in landscape design/ build, landscape maintenance, and arbor care management.

Property ingredients | Company highlights

Plant Highlight: Lantana camara 'Gold Mound'

The Lantana camara 'Gold Mound' is a fast growing evergreen shrub that is heat tolerant, water-efficient and blooms in the summer. It is a great plant for the drought and a lovely shrub that attracts birds and butterflies. This plant is great as an accent, border or mass planting.

Happenings at Pacific Green Landscape-New Property!

We are excited to be working on a new property in North Park. Our crew is working hard to refurbish the interior courtyards and create beautiful spaces for the residents.
